## **Announcement Spring 2019**

### **Funding of projects by the Bavaria California Technology Center New: Joined Public-Private Proposals Deadline: April 15<sup>th</sup>, 2019**

The Bavaria California Technology Center (BaCaTeC, [www.bacatec.de](http://www.bacatec.de)) promotes the **cooperation of research facilities in Bavaria and California** in the high-tech areas of life sciences, information- and communication technologies, new materials, environmental technology and mechatronics. Preferred subject of sponsoring is the **initial funding of new projects**, especially those which support the exchange of scientists in reference to the projects.

Financial support may be granted to submitted projects that describe the **initiation of lasting cooperation** between Bavarian and Californian facilities and which will be supported by other institutions in the future. **In a new funding line projects with involved companies are sponsored as well (Joined Public-Private Proposals).** The initial funding provided by BaCaTeC will mainly cover expenses for travel and accommodations. The general **upper limit** of financial support is **€10,000** per project.

**Application forms** for financial support of the cooperation with universities (and the economy) in California are available at **[www.bacatec.de](http://www.bacatec.de)**. The next deadline will be **April 15<sup>th</sup>, 2019**. Applications are **limited to two pages** (DIN-A4). Sponsored projects will be selected by the beginning of June.

*P.S.: Please consider also our new program for subsequent support of successfully initiated projects (same deadline April 15th): [www.bacatec.de](http://www.bacatec.de).*
